**Measuring
College and
Career
Readiness**

OVERVIEW

Throughout the following PowerPoint demonstration growth models will be used to measure the amount of academic progress students make and will be demonstrated in the data analysis review of the Fall 2021 Start Strong assessment for the Bayonne Board of Education School District.

The following data will be presented:

- Performance Values
- Growth Reports
- School Performance Grades: Subgroup Connectivity

WHAT IS DATA REPORTING USED FOR?

Reporting: including but not limited to presentation on parent reports, individual student reports, class roster reports, class summary reports, school summary reports, district summary reports, or state summary reports

Data files: including but not limited to inclusion in individual (student-level) or aggregate (e.g., classroom, school, district, or state) data files

Accountability: including, but not limited to use of individual growth scores to qualify a student as proficient even if her status measure did not indicate proficiency, and inclusion of aggregate growth scores in accountability systems

Educator Evaluation: including, but not limited to use of individual growth scores to qualify a student as proficient even if her status measure did not indicate proficiency, and inclusion of aggregate growth measures in an educator's evaluation

Program Evaluation: including the use of growth scores to evaluate the effectiveness of a curriculum, instructional program, or intervention

School Improvement: including the use of growth scores to identify school improvement needs, to improve existing school improvement plans, and to evaluate the effectiveness of school improvement plan implementation

Policy Development: including the use of growth scores to identify policy needs, to improve existing policy, and to evaluate the effects of existing policy

Students are categorized into one of three suggested support levels, each of which is defined by a range of possible raw scores on the Start Strong Assessment. The goal of these classifications is to provide some guidance regarding the amount of support that may be needed as students return to school. The three support levels for the Start Strong Assessment are:

Level 1: Strong Support May Be Needed

SUPPORT LEVEL

Level 2: Some Support May Be Needed

Level 3: Less Support May Be Needed

Start Strong Support Levels	NJSLA-ELA Performance Level	NJSLA-Math Performance Level	NJSLA-Science Performance Level
Strong Support May Be Needed	<ul style="list-style-type: none"> • Did Not Yet Meet Expectations • Partially Met Expectations 	<ul style="list-style-type: none"> • Did Not Yet Meet Expectations • Partially Met Expectations 	<ul style="list-style-type: none"> • Below Proficient
Some Support May Be Needed	<ul style="list-style-type: none"> • Approached Expectations 	<ul style="list-style-type: none"> • Approached Expectations 	<ul style="list-style-type: none"> • Near Proficiency
Less Support May Be Needed	<ul style="list-style-type: none"> • Met expectations • Exceeded expectations 	<ul style="list-style-type: none"> • Met Expectations • Exceeded Expectations 	<ul style="list-style-type: none"> • Proficient • Advanced Proficiency

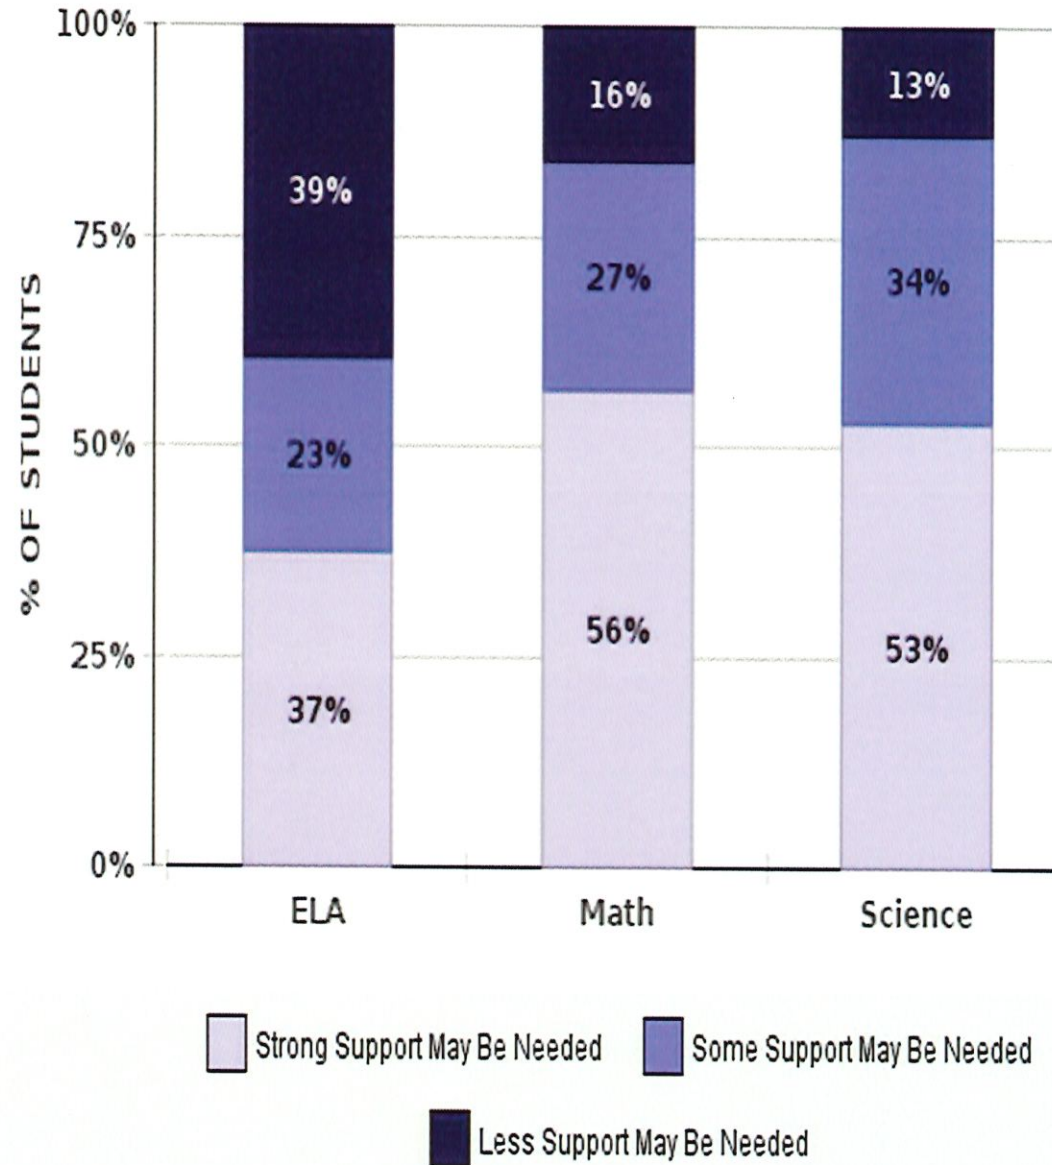

START STRONG SUPPORT LEVELS AND NJSLA PERFORMANCE LEVELS

THE SUPPORT LEVELS ON THE START STRONG ASSESSMENT ARE DIRECTLY DERIVED FROM THE NJSLA PERFORMANCE LEVELS. HOWEVER, BECAUSE THERE ARE ONLY THREE START STRONG ASSESSMENT SUPPORT CLASSIFICATIONS, AS COMPARED TO FOUR OR FIVE NJSLA PERFORMANCE LEVELS, THERE IS NOT A ONE-TO-ONE MAPPING. INSTEAD, SOME OF THE START STRONG ASSESSMENT SUPPORT LEVELS CORRESPOND TO TWO ADJACENT NJSLA PERFORMANCE LEVELS, AS SHOWN IN THE BELOW TABLE.

INTERVENTION STRATEGIES

- Incorporation of strategies to strengthen intervention skills of teachers through professional development initiatives
- Increased development on technical programs that support a variety of different subgroups such as SAVVAS Learning and ST Math.
- Supporting students through a tiered support system with focus on the areas of weakness through data profiles (LinkIT)
- Additional parental involvement programs and initiatives district-wide to bridge the school/community relationships.
