

# Pediatric Respite Care

Children's Specialized Hospital's Respite Care is an overnight stay program within our pediatric long term care facilities that supports children with multiple healthcare needs.

## Who is a candidate?

To qualify for respite care services in NJ, the child must be in enrolled in MLTSS (Medicaid Managed Long Term Services and Supports).

## Why choose respite care?

Families may choose respite care to:

- Take care of their own wellbeing or health needs
- Spend time with siblings to provide one on one time
- For support to take vacation

## When are services offered?

Respite care services are available upon request and duration of stay is specific to the family need in addition to their services per year from MLTSS. MLTSS program currently offers 90 overnights per year.
