*Questions/Comments from Public – Agenda Items*

*The Board of Education recognizes the value of public comment on educational issues and the importance of allowing members of the public to express themselves on school matters of community interest. In support of this position, the law establishes a period of public comment at every public Board meeting. Individuals wishing to speak must state their name and address, students must state their name and school. Comments will be limited to three (3) minutes duration. No participant may speak more than once on the same topic until all others who wish to speak on that topic have been heard. All statements and/or questions shall be directed to the presiding officer and no participant may address or question Board members individually. All speakers are requested to express themselves in a civil manner, with due respect for the dignity and privacy rights of others whose legal rights may be affected. Please note: While it is not the Board's intention to stifle comment on matters of legitimate concern to the school community, the public should be aware that if their statements violate the rights of others under the law governing defamation or invasion of privacy, they may face personal liability to the injured party. If speakers are uncertain of the legal ramifications of their comments, the Board urges them to seek guidance beforehand from their own legal advisor.*
