Questions/Comments from Public – Agenda Items

The Board of Education recognizes the value of public comment on educational issues and the importance of allowing members of the public to express themselves on school matters of community interest. In support of this position, the law establishes a period of public comment at every public Board meeting.

Individuals wishing to speak must state their name and address, students must state their name and school.

Comments will be limited to three (3) minutes duration. No participant may speak more than once on the same topic until all others who wish to speak on that topic have been heard.

All statements and/or questions shall be directed to the presiding officer and no participant may address or question Board members individually. All speakers are requested to express themselves in a civil manner, with due respect for the dignity and privacy rights of others whose legal rights may be affected.

Please note: While it is not the Board's intention to stifle comment on matters of legitimate concern to the school community, the public should be aware that if their statements violate the rights of others under the law governing defamation or invasion of privacy, they may face personal liability to the injured party.

If speakers are uncertain of the legal ramifications of their comments, the Board urges them to seek guidance beforehand from their own legal advisor

ADOPTED AT BOARD MEETING HELD OCTOBER 15, 2024

BOARD OF EDUCATION OF THE CITY OF BAYONNE**HUDSON COUNTY, NEW JERSEY****October 15, 2024**

Whereas, as per N.J.A.C. 6A:8-4.3, requires chief school administrators to report the results of the annual assessments to local boards of education within 60 days of receipt of the finalized information from the New Jersey Department of Education (NJDOE); and

Whereas, the Every Student Succeeds Act (ESSA) requires states to use a set of indicators to measure the performance of all schools. The indicators for academic progress and student success are required for accountability and also include, Dynamic Learning Maps (DLM Proficiency), New Jersey Student Learning Assessment (NJSLA) and New Jersey Graduation Proficiency Assessment (NJPA); and

Whereas, all accountability measures must be supported by research showing that performance and /or progress are likely to increase, allow for meaningful differentiation of schools, be disaggregated by subgroup, and be valid and reliable across all schools in a particular grade span; and

Whereas, to ensure school districts are transparent and held accountable to the district board of education regarding the proficiency and growth of students on statewide assessments by presenting analysis that includes subgroups, comparison data, and intervention strategies that correspond to the data; and

Therefore be it resolved, that Dr. Wachera Ragland-Brown, Chief Academic Officer, presented proficiency and growth of students via analysis and deliverance of the New Jersey Student Learning Assessment (NJSLA), New Jersey Graduation Proficiency Assessment (NJGPA), and Dynamic Learning Maps (DLM) state assessment data on October 15, 2024.
