

BOY SCOUTS OF AMERICA®
NORTHERN NEW JERSEY COUNCIL

Dear Parent:

The past few months have presented challenges to many aspects of our lives, especially for our young people. We hope that your family is staying safe and looking forward to better times.

During this time, Scouts have demonstrated the values of the Scout Oath and Law, especially “to help other people at all times” by sewing face masks for those in their community, to serving food to front line health care workers to honoring those who have served our country and lost their lives to COVID with a daily performance of taps – Scouting continues to be there for others.

The BSA programs are open to all youth, from kindergarten to young adult (age 21). Today’s Scouting program not only includes our traditional outdoor adventure activities but also, exciting and fun STEM experiences and opportunities to explore career interests such as first responders.

Scouting continues! While we are not able to meet face to face, our units are meeting virtually to organize service projects, develop leadership skills, and continue the fellowship that is so important to young lives. Check out the fun at home activities for Scouting and Non-Scouting families at our “Scouting From Home” website: www.scouting.org/scoutingathome.

In the coming weeks, the Northern New Jersey Council will be hosting a series of virtual activities introducing the BSA program in all areas, to all age groups. If you have ever wondered what the BSA is all about, this will be a worthwhile experience for you and your child.

Please see the attached schedule of these activities and visit our Website www.nnjbsa.org, Follow us on Facebook, Instagram, and Twitter for up to date program information.

Yours In Scouting,

Thomas A. Szybist

Vice President, Membership
